Report:

I apologize for not attending in person today. I had surgery on Wednesday, and the doctor vigorously discouraged me from riding down here so soon. I'm going to try and enlist another trusted servant to deliver this report. If not, I'll catch up with you folks next month.

I hope everyone got their minutes okay last month. If someone will collect all the reports and whatever notes the chair can jot down on the agenda document, I'll prepare and distribute the minutes within the required period.

I checked our PO box earlier this week and found nothing for us.

As a follow-up to last month's concerns about groups that haven't attended the ASC lately, I visited the Misery Is Optional group at their Saturday night meeting a few weeks ago. They are slowly recovering from the sudden drop in attendance months ago. Online attendance remains strong, and the group has gained a few home group members. I was told they hope to have a GSR soon so they can resume attending this meeting.

I guess that's it. I hope to see you guys in person again real soon.

Old Business:

Follow-up from last month's concern for groups that haven't been attending the ASC:
(see also Secretary and Halls of Freedom reports)

Ian L reported Men's and Women's Rap groups were having issues with getting the gate and building open for having the meetings and they are looking for a new location.

Michael B confirmed the above for Men's and Women's Rap. He also reported his contact with Charles W from What Can I Do (see What Can I Do report).

Misery Is Optional continues to have good online support for their meetings (see Secretary report), but attendance for the Saturday in-person meeting remains low. They've added a few home group members and hope to have a GSR soon.
